

Parish Nurses

We are Registered Nurses, licensed to practice in the State of New Jersey. We participate in the Healing Ministry of Christ by being available at the Knights of Columbus pancake breakfasts to take blood pressure screenings and to discuss medical, diet and life style concerns within the scope of practice of our R.N. license. We are affiliated with the Parish Nurse Program at Cape Regional Medical Center, which gives us the ability to offer blood sugar and cholesterol screenings at various health fairs, including at our own parish.

Our nurses run caregivers "support classes" and a "Healthy Bones" exercise class weekly. We are aware of the many resources available in Cape May County for the homebound, caregivers and people without insurance who are seeking medical assistance and can direct you to the appropriate agencies for assistance.
