

Thanks from the Red Cross!

Great job!!!! The blood drive came in at 116% of goal ☺ The results are as follows;

Scheduled donors-38

Goal-37 pints

Collected-43 pints

Power Red-5

Deferrals-3

Thank you and the committee for all your hard work to make the blood drive so successful and to all the donors that generously gave their time to donate especially during this winter blood shortage. The 43 pints collected have gone on to potentially help 129 hospital patients. As you can see from the attached chart, this blood drive has been the most successful yet. It has been such a pleasure working with you and I look forward to it again in the future.

Thank you and congratulations!
