

From our Pastor, Father Soprano :

October 29, 2018

I'll let you in on a big secret. I know you are aware of St. Raymond parking lot resurfacing. Have you noticed the parking construction at St. John Campus? We are structuring parking on asphalt surrounded by concrete walkways on five (5) sides of the Church primarily for handicap parking. Yes, there will be space for non-handicapped parking in the main lot. All this is the first stage of Catholic Strong in action; all this has been paid for by Catholic Strong donors, so let me thank YOU!!

Now that you are starting to see what is able to be done, perhaps you may want to revisit the opportunity to participate? Our Parish Goal was set at \$895,000.00; we are not yet half way to that goal, but now you can see at both campuses, the parking conditions welcome you. They look beautiful, as do the trees, lawns, and curbs. These are expensive items as you know at your own home— but here it is a place used by many and supported by a faithful few. Come to the office or the back of the Church and look for a Catholic Strong Envelope.

Every bit helps. Why not join in?

Father Soprano
