

Thank you from Sister Charlyne, MPF

I could shout to the world from the highest mountain for all the world to hear. I could paint the words across the moon for all the world to see. I could cast the words in bronze for all the world to feel. But, however I proclaim my thanks, there is no way to fully show how grateful I am. *Stuart Macfarlane.*

*On a more personal note, know that I was deeply touched by your warm reception and kindness in reaching out to me. In the name of our missionary sisters, I humbly thank you for your generosity and assure you remembrance in our prayers.*
