

United States Conference of Catholic Bishops (USCCB)

Call to Action Links

By clicking on the below links, you can easily voice your support of retaining laws that protect life: the Hyde Amendment and the “Protect Life Rule” (2019 Title X Rule). Each link will bring you to a summary of the issue. When you click on the “Take Action Now” tab or “Click here to send your comments to HHS” tab, you will be brought to a formatted reply that provides an area for your personalized comments. There are also links to more information on these issues; simply click on anything underlined in blue ink.

To respond, fill out the right column and hit “send” at the end. You can choose to receive email alerts directly to your personal email going forward if you click the appropriate box before you send your response. Removing the check mark from the box will exclude you from future “immediate action alerts.”

The last link summarizes other urgent issues and links to items such as the opposing the “Equality Act” and ending Infanticide.

The site also has a link where you can search for elected officials as well.

You may have to hold down the control key and use the left click button on the link to get it to open. Thank You for defending Life & Religious Freedom!
