

MILESTONES OF ST. JOHN NEUMANN PARISH

Sometimes it's hard to stop and smell the roses and notice the beauty around you when life is in full swing. This little "history" of our parish may shed light into corners not seen to show you the love, growth and beauty stemming from the merging of St. Raymond Church and St. John of God Church. Their "child", St. John Neumann Parish is alive and growing up to be a strong, beautiful and lively parish!

Thanks to each and every one of you who have amended traditions, much as in-laws would for a newly married couple, to make our family stronger.

A little trivia. . . Did you know that many of the beautiful flowers you see at both campuses are the re-planted bulbs from flowers that made their first appearance on the altar and side altars of both churches? They were there when you attended Mass, and they have returned to greet you on your way back in and when praying in our Rosary Garden. God's Peace!
