

The Parish Pastoral Council is a collegial, consultative body representing the entire parish community. In collaboration with the Pastor, the Council seeks to discern what God is calling the parish community to be and how the parish can make progress toward fulfilling its mission. The Council enables and supports the various ministries and organizations of the parish. Indicators of positive growth and problems are identified so that progress toward our mission can be continuous. Meetings are held on the fourth Tuesday of the month at 7 P.M. in the small meeting room at St. John of God. Membership is by election and Pastoral appointment. Constructive ideas are always welcome.
